Copyright, Canada, 1922, by Henderson Publishing Co., Limited Lby.

Introductory

THE Publishers take pleasure in presenting herewith the Twenty-ninth Annual Edition of Henderson's Vancouver Directory, embracing the area of Greater Vancouver and comprising the city proper, South Vancouver, Point Grey, Burnaby (part), Richmond (part), North Vancouver City, District of North Vancouver and West Vancouver.

Numerous changes of address were recorded after the Street Directory was printed, and in such cases the name of the householder on the street will differ from name in the Alphabetical Section. The latter being the latest information, should be taken as the more correct.

The Advertising Department presents the names of corporations, firms and individuals who have made Vancouver the great city that it is, and who are a power in the financial, industrial and commercial world of Western Canada.

The Classified Directory contains a complete alphabetically arranged list of the various trades and professions carried on in Vancouver. This will be found useful for reference and a most efficient buyer's guide.

The Miscellaneous Section in the front of this volume contains information about the public officials and institutions of the City and adjoining Municipalities, also Churches, Societies and Associations, much of which is not to be found elsewhere in print.

The value of the Street Section is not appreciated perhaps, to the extent it should be by some who desire to find a certain house on a street unfamiliar to them.

By application of the following example the location of any street number can be found expeditiously: Suppose 428 Georgia Street is wanted: refer to street section Georgia Street—glance down to 428, then to the nearest intersection to 428. It will be found that this number is on the south side of the street, three houses east of Homer, between Homer and Richards Streets.

The Vancouver Directory is placed in Directory and Public Libraries and other institutions throughout Canada and the United States, where it serves the public as a valuable book of reference. It also constitutes a splendid and unrivalled standing advertisement for the city it represents, as no other publication can convey such an adequate idea of the city, its varied business interests and its different institutions and organizations. Few people realize what a wide and unique publicity this affords the city and its industries.

1922 POPULATION OF GREATER VANCOUVER, 233,797

It is estimated that there are 15,000 Orientals included in the above.

The Directory method of estimating population is to multiply the individual names the Directory contains by a common multiple. The above figures are more in the nature of a calculation. A complete census only can give definite and accurate figures.

The Publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives, and to express their appreciation for the confidence which the business and professional men of Vancouver have always shown in their publications.

Equipment

The Fire Department consists of 191 men. There are 11 stations with the following apparatus:—

One 1400 gal. capacity automobile gasoline pumper, "American-La France"

Two 1000 gal. capacity automobile gasoline pumper, "American-La France"

Three automobile hose-wagons, "Seagrave," one auto hose-wagon, "Stearns"

Three automobile hose-wagons, "American LaFrance," one auto hose-wagon, "Oldsmobile"

Four automobile chemical engines, "Seagrave"

One automobile chemical engine, "Oldsmobile"

Two automobile combination hose and chemical wagon, "American-La France"

One 85 ft. automobile aerial ladder truck, "Webb"

One 75 ft. automobile aerial ladder truck, "Seagrave"

One 55 ft. automobile city service ladder truck, "American-La France"

One 55 ft. automobile city service ladder truck, "Seagrave"

One chief's automobile, "Cole"

One asst. chief's automobile, "Studebaker Special"

Two districts chief's autos, "Speedwell," "Cadillac" and "Clide"

One auto mechanic's auto, "McLaughlin"

One self-propelled steam pumper, "Amos-Keag"

Four Turret-nozzles, "Hart"

Two Ladder nozzles, "Hart"

One Cellar pipe, "Hart" and 58 Play-pipes

48,000 feet of 2 1/2 inch rubber-lined cotton hose

3,300 feet of 1 inch chemical hose

1,000 feet of 3 inch rubber-lined cotton hose

304 street fire alarm boxes, (Game-well)

1,834 fire hydrants

WATER WORKS

Water works are owned by the Municipality. The source of supply is the mountain streams known as Capilano Creek and Seymour Creek, which are dammed across at an elevation of 580 feet above sea level, about 8 miles north of the city. The average height of the city is about 100 feet, the extreme height south of False Creek (Mt. Pleasant) being 200 feet. A reservoir of 24,000,000 gallons capacity is situated at Little Mountain at an elevation of 395 feet above the extreme high water mark, and adds much to the efficiency and security of the system, and normally takes care of the supply to the high level districts. There are approximately 267 miles of distribution mains in the city.

PARK COMMISSIONERS

W. C. Shelly (Chairman), W. D. Jones, G. H. Cottrell, J. Rogers and E. W. Dean

Office: 602, 193 E. Hastings

W. S. Rawlings, Supt., A. S. Wootton, Engineer

Burnaby Municipality

(Incorporated 1892)

Burnaby Municipality occupies the height of land between Vancouver on the west and New Westminster on the east. It fronts on the north arm of Fraser River on the south and on Burrard Inlet on the north, and its total area is 38 square miles. It has the advantages of both fresh and salt water harbour facilities with direct access to the sea. Its harbour frontage comprises twelve miles.

The district being conveniently situated between the cities of Vancouver and New Westminster, is becoming rapidly popular as a residential district, especially along the ridges in the north and in the south. The lower lands are suitable for market gardening, and the raising of small fruits, which is a growing industry, and there are several lumber and shingle mills operating in the municipality.

The district has a system of excellent roads, including some 8½ miles of paved highways, and approximately 30 miles of macadamized highways. The municipality possesses its own water system, drawing its supply from Seymour Creek, and is in a position to furnish water at cheap rates. The district is well served by railways, having two steam roads and three electric roads running through from east to west. Every portion of the municipality is within easy access of excellent schools, and the electric light and telephone is available through the greater portions of the municipality.

City of North Vancouver

The City of North Vancouver occupies an ideal location on the north shore of Burrard Inlet, directly opposite the city of Vancouver, from which it is distant about two and one-quarter miles, and with which it is connected by means of a modern ferry service operated on a twenty-minute schedule.

The entire north shore of the Inlet originally comprised the district municipality of North Vancouver, but a centre of population having sprung up at the most convenient point, the city was incorporated on May 13th, 1907, the boundaries enclosing about 4,000 acres.

The townsite is of the highest excellence in every respect. For a distance of twenty miles the north shore of Burrard Inlet offers an unbroken waterfront, available for shipping and industrial purposes, the greater portion of which has sufficient depth of water for the accommodation of ocean-going craft of the deepest draft. Extensive tide flats likewise exist, providing ideal facilities for railway terminals, warehouse, docking and other purposes.

The land rises from the seaboard on about a three per cent. grade, creating the best natural conditions for sewage and drainage, and likewise providing an elevation which affords an excellent view from all parts of the townsite, which constitutes one of the greatest attractions from a residential standpoint. The slope is toward the south, while toward the north the location is protected by retreating hills, giving at once a delightful combination of a sunny southern slope effectively protected from cold winds. The thoroughfares of the city are wide, many being eighty feet, and some one hundred and one hundred and fifty feet in width. There are in all about one hundred acres within the city which have been set aside for public park purposes, the total of which is swelled to 160 acres by including the Grand Boulevard, 346 feet wide and twelve blocks in length, a feature which is distinctive and of the highest value as the city increases in population.

The environs of the city offer scenic attractions which are seldom equalled. The famous Capilano Canyon is a marvel to even world-wide tourists, and is within six miles of the city, with an excellent roadway the entire distance and street car service to within a mile. The Canyon View Hotel offers excellent accommodation here for tourists. Lynn Canyon and Seymour Canyon are alike grand and imposing and easily reached by street car. Mountain climbing facilities of the moderate order for the amateur, or of the perilous for the more venturesome, may be had within a few hours walk of the city.

The telephone system of the B. C. Telephone Company gives modern local and long distance facilities. The Pacific Great Eastern Ry. runs trains every hour (oftener on Sundays and holidays) to Whytecliffe (Horse Shoe Bay), a delightful summer resort 13 miles north-west; it is planned to continue this line to Squamish when finances are more favorable and join up with the main line to Fort George, now in course of construction. The water works system is owned by the corporation and was installed at a cost of \$50,000. Large additional expenditures have since been made. The system provides an unlimited supply of the purest and coldest glacier water. The domestic pressure is regulated from 75 to 50 pounds, which admits of increase to 260 pounds for fire protection purposes.

West Vancouver Municipality

(Comprising Hollyburn P. O., Dundarave, Caulfeild, Ambleside and Whytecliffe)

The district was first surveyed in 1907. On March 12, 1912, the letters patent were issued for its incorporation. The reeve and council were elected on April 6. West Vancouver took its place with its sister municipality in the making of Vancouver.

Less than twelve years have passed since this great tract lying west of Capilano River was almost as wild as it was five hundred years ago. When it was first surveyed the district became known as West Capilano. When it was put on the market later it became known as West Vancouver, and was incorporated under that name. For many years the district was traversed only by Keith Road, which follows the sea westward. In many places this was little more than a trail, which could scarce be discerned in the woods. In 1910 the Government opened several roads, and this work has been continued until at the present time there are many miles of roadway in West Vancouver, carefully graded.

Areas have been reserved for parks and gardens, and the district is being laid out with care to avoid any undesirable features.

West Vancouver is divided into a number of temporary centres of activity. Caulfeild, at the extreme west end, is a summer resort. Horseshoe Bay is noted as a summer bathing beach. Cypress canyon and waterfall are within the boundaries.

One of the district's greatest assets is the Point Atkinson Reserve now known as Lighthouse Park. This promontory, upon which stands the Point Atkinson Lighthouse at the entrance of Howe Sound, contains 180 acres of diversified dell and woodland, and needs only the cutting of paths through it to make it as attractive a holiday resort as can be found on the shores of the Gulf of Georgia.

The population of the municipality is approximately as follows: summer, 5,500; winter, 3,000.

Connection with Vancouver is made by ferry every hour, also by the P. G. E. Ry. to North Vancouver.

DOMINION GOVERNMENT

Post Offices

Hollyburn—Marine Drive. Jack T. Watt, postmaster
Dundarave—Marine Drive cor. 25th. W. J. Wilson, postmaster
Caulfeild—5 miles west of Hollyburn. Alfred H. Hodge, postmaster
Whytecliffe—11 miles west of Hollyburn. Florence N. Downey, postmistress

Lighthouses

Point Atkinson—Thos. D. Grafton, lighthouse keeper
First Narrows—Geo. A. Harris, lighthouse keeper

Richmond Municipality

Municipal Hall, Brighthouse, Lulu Island
Richmond Municipality lies south of the Fraser River from Marpole, and includes Lulu and Sea Islands, both highly intensified farming areas both for grain growing and garden truck production. Splendid breeds of horses and cattle are raised also. The Municipality is well served by the B. C. E. Ry. which runs to Steveston, the headquarters of the salmon fisheries at the mouth of the Fraser River. Long distance telephone and electric light serve practically the whole district, which is traversed by well kept highways.

Reeve—John Tilton, Steveston
Councillors—John Mackie, Marpole; D. E. McKay, Eburne; C. Martin, Steveston; Rice Rees, Eburne; F. A. Tomsett, Eburne

Clerk treasurer and assessor—S. Shepherd

Engineer—E. P. Heywood

Chief of Police—A. G. Waddell, Eburne

Professor of Classics and Head of Department—L. F. Robertson, M.A. (McGill)

Professor of Greek—O. J. Todd, Ph.D. (Harvard)

Assistant Professor of Classics—H. T. Logan, B.A. (McGill and Oxon.), M.A. (Oxon.)

Assistant in Classics—A. N. St. John Mildmay, M.A. (Oxon.)

Department of Dairying

Professor of Dairying and Head of Department—Wilfrid Sadler, B.S.A. (Macdonald College), M.Sc. (McGill), N.D.D., British Dairy Institute, University College, Reading, England

Extension Assistant under Burrell grant—Miss Marion Mounce, B.A., B.S.A. (Brit. Col.)

Assistant Professor of Dairying—N. S. Golding, N.D.A., N.D.D.

Department of Economics, Sociology and Political Science

Professor of Economics and Head of Department—Theodore H. Boggs, B.A. (Acadia and Yale), M.A., Ph.D. (Yale)

Associate Professor of Economics—Henry F. Angus, B.A. (McGill), B.C.L., M.A. (Oxon.)

Assistant Professor in Economics—S. G. Beckett, M.A.

Assistant in Economics—L. T. Fournier, B.A. (Brit. Col.)

Department of English

Professor of English and Head of Department—G. G. Sedgewick, B.A. (Dal.), Ph.D. (Harvard)

Associate Professor of English—W. L. Macdonald, B.A. (Toronto), M.A. (Wisconsin), Ph.D. (Harvard)

Assistant Professor of English—Frederick G. C. Wood, B.A. (McGill), A.M. (Harvard)

Assistant Professor of English—Thorleif Larsen, B.A., M.A. (Toronto), B.A. (Oxon.)

Assistant Professor of English—F. Cox Walker, B.A.

Assistant Professor of English—Miss M. L. Bollert, B.A., M.A. (Toronto), A.M. (Columbia)

Assistants in English—Miss Stella McGuire, B.A., M.A. (Brit. Col.); Miss Katherine McKay, B.A. (Queen's); Miss Rena Grant, B.A. (Brit. Col.); Miss Dorothy Blakey, B.A. (Brit. Col.)

Department of Forestry

Associate Professor of Forestry—H. R. Christie, F.E. (Toronto)

Department of Geology and Mineralogy

Professor of Geology and Head of Department—R. W. Brock, M.A., LL.D. (Queen's) F.G.S., F.R.S.C.

Professor of Physical and Structural Geology—S. J. Schofield, M.A., B.S.

Associate Professor of Palontology—M. Y. Williams, B.Sc. (Queen's), Ph.D. (Yale), F.G.S.A.

Professor of Mineralogy and Petrography—W. L. Uglow, B.A., M.A. (Queen's), B.Sc. (School of Mining, Kingston), M.S., Ph.D. (Wisconsin)

Assistant in Geology—L. V. Miller, B.Sc. (Alberta)

Department of History

Associate Professor of History—Mack Eastman, B.A. (Toronto), Ph.D. (Columbia)

Associate Professor of History—W. N. Sage, B.A. (Toronto and Oxon.), M.A. (Oxon.)

Instructor in History—G. C. Davidson, B.A. (Toronto), M.A., Ph.D. (California)

Department of Horticulture

Professor of Horticulture and Head of Department—F. M. Clement, B.S.A. (Guelph)

Associate Professor of Horticulture—A. F. Barss, A.B. (Rochester), B.S. in Agriculture (Cornell), M.S. (Oregon Agricultural College)

Extension Assistant under Burrell grant—W. A. Middleton, B.S.A. (Macdonald College)

Assistant Professor of Horticulture—F. E. Buck, B.S.A. (Macdonald Coll.)

Department of Mathematics

Professor of Mathematics and Head of Department—D. Buchanan, M.A., Ph.D., F.R.S.C.

Associate Professor of Mathematics—George E. Robinson, B.A. (Dal.)

Assistant Professor of Mathematics—E. H. Russell, B.A. (Queen's)

Assistant Professor of Mathematics—E. E. Jordan, M.A. (Dal.)

Assistant Professor of Mathematics—L. Richardson, B.Sc. (London)

Instructor in Mathematics—John Henry, B.A. (Cambridge)

Lecturer in Mathematics—B. S. Hartley, M.A. (Cambridge)

Assistant in Mathematics—F. J. Studer, B.A. (Brit. Col.)

Department of Mechanical Engineering

Associate Professor of Mechanical Engineering and Acting Head of Department—Cedric C. Ryan, M.Sc. (McGill)

Associate Professor of Mechanical Engineering—

Instructor in Mechanical Drawing and Shopwork—H. P. Archibald, B.A.Sc. (McGill)

Assistants—J. Crowley, J. W. Faulkner, F. McCrady, S. Northrop, H. Taylor, E. G. Parson, C. H. Barker

Department of Mining and Metallurgy

Professor of Mining and Head of Department—J. M. Turnbull, B.A.Sc. (McGill)

Professor of Metallurgy—H. N. Thomson, B.Sc. (McGill)

Assistant Professor of Mining—George A. Gillies, M.Sc. (McGill)

Assistant in Assaying—P. O. I. Honeyman, B.Sc. (Brit. Col.)

Assistant Professor of Metallurgy—

Department of Modern Languages

Professor of French and Head of Department—H. Ashton, M.A. (Cantab.), D. Lett (Univ. Paris), D. Litt. (Birmingham) Officier de l'Instruction Publique (France)

Associate Professor of French—A. F. B. Clark, B.A. (Toronto), Ph.D. (Harvard)

Assistant Professor of Modern Languages—Isabel MacInnes, M.A. (Queen's)

Assistant Professor in Modern Languages—G. Grojean (Licencie es Lettres) Licencie en Droit (Toulouse)

Instructor in Modern Languages—

Instructors in French—Margaret Ross and Miss Janet T. Greig, B.A. (Queens)

Lecturer in Spanish—F. Bernard, B.A. (London)

Assistant in French—Miss Hazel E. McConnell, B.A. (Brit. Col.)

Department of Nursing
Assistant Professor in Nursing—Miss
Ethel I. Johns

Department of Philosophy
Professor of Philosophy and Head of
Department—H. T. J. Coleman, B.A.,
Ph.D.
Associate Professor of Philosophy—
James Henderson, M.A. (Glasgow)

Department of Physics
Associate Professor of Physics and
Head of Department—T. C. Hebb,
M.A. B.Sc. (Dal.), Ph.D. (Chicago)
Associate Professor of Physics—A. E.
Hennings, M.A. (Lake Forest College,
Ill.), Ph.D. (Univ. of Chicago)
Associate Professor of Physics—J. G.
Davidson, B.A. (Toronto), Ph.D. (Cal.)

Department of Poultry Raising
Associate Professor of Poultry Husbandry—E. A. Lloyd, B.S.A.
Assistant Professor of Poultry Husbandry—R. J. Skelton, B.S.A. (Ont. Agric. Col.) under Burrell grant

Department of Zoology
Professor—C. McL. Fraser, B.A. (Toronto), Ph.D. (Iowa), F.R.S.C.
Assistant in Zoology—Norman L. Cutler
Assistant Professor—H. A. Dunlop, B.A. (B. C.)
Lecturer in Entomology—R. C. Treherne, B.S.A. (Guelph)

System of Street Names and Numbering

The system of street numbering adopted by the city of Vancouver is that known as the Philadelphia or Decimal System. By this system an even hundred numbers is allotted to each block, and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

The odd numbers are on the North and West sides of streets.

In blocks 500 feet or less in length a number is allotted to every 10 feet; in blocks over 500 feet in length to every 15 feet.

All short streets take their numbers from the through streets, and correspond with them.

CARRALL STREET is the dividing and basis line for streets running East and West, starting at 1 and going Eastwards, 100 to the block and again starting at 1 and going Westwards 100 to the block.

On Cordova Street West and Water Street, the numbers, 200 to 299, are omitted, so as to keep it in unison with the other west-bound streets.

BURRARD INLET is taken as a base for streets running South, with 100 numbers allotted to each block.

SOUTH OF FALSE CREEK, Ontario Street is the dividing line for East and West streets; this base line is two blocks West of Main Street, and in a direct line with Carrall Street.

SOUTH OF FALSE CREEK. Main Street and Granville South start at 1500, and all other parallel streets correspond with them.

SOUTH OF SIXTEENTH AVENUE all west Avenues (South Vancouver and Point Grey) are numbered from Main Street as a base, starting at number 1. West Twenty-fifth Avenues by the change of base-line from Ontario St. (the Vancouver City base-line).

Duplicate numbers 500 Block both east and west of Cambie Street on West Seventeenth to line).

EAST AVENUES, Seventeenth to King Edward Avenue (East 25th) (South Vancouver) start number 200 at Main Street.

Duplicate numbers 1200 and 1300 Block east of Knight Road (South Vancouver Municipality) on East Avenues 15th, 19th, 20th, 21st, 22nd by the change of base-line from Ontario St. (the Vancouver City base-line).

EAST TWENTY-SIXTH AVENUE and all avenues (South Vancouver) south to the Fraser River are numbered from Main Street starting at number 1.

BURNABY SOUTH is numbered to conform with the system of New Westminster City from the Fraser River northwards and from East to West (Park Ave. Boundary).

EAST BROADWAY, and all Avenues running East from Ontario Street to the Eastern boundary of the city are intersected as follows:

3300 Rupert
3400 Cassiar
3500 Cariboo
3600 Kootenay
3700 Boundary Ave
City boundary here

BROADWAY, and all Avenues running west from Ontario Street toward English Bay are intersected as follows:

G. D'W. Marcy, Boston, Mass.**The Objects of the Association**

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory Business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing collecting or canvassing for any fraudulent or "fake" Directory.
